Amount requested from ASSA		
Other funding †		

**\*Travel:** The Workshop Program does not fund international fares, unless a very strong case can be made for the designation of such a large proportion of the available funding to be allocated to an airfare for a single participant.

**^Catering:** The Academy does not pay for alcohol.

**#Publication:** An estimate of the costs associated with a publication that may arise from the workshop (editing, preparation of maps/diagrams, indexing, etc). The Workshop Program does not provide funds for publishing.

**†Other funding:** Convenors are encouraged to consider additional sponsors and to identify these, together with the level of support, when submitting their proposal.

## Workshop Outcomes

Indicate the expected workshop outcomes, and how they will be disseminated. Although an expected publication is not a pre-requisite for Workshop Program funding, the Committee expects each proposal to contain clear workshop outcomes and an indication of how these will be disseminated - eg publication, chapter/s in a book/monograph, published papers in professional journals, posting on a university, insititution or Academy website, media article/s.
